With Alcohol

Cold

Long drink

## INGREDIENTS

- 6cl 7 year old Cuban rum
- 3cl peach syrup 1883
- 3cl grapefruit juice
- 6cl apple juice
- 6 dashes Angostura bitters

A cocktail that pays homage to Havana and its heritage, in a tiki version and with a glass that packs a punch. A fruity, refreshing cocktail that slips down easily but - as with many tiki recipes - kicks like a mule.

## INSTRUCTIONS

Pour all ingredients into a blender, fill with crushed ice, and blend for 3 seconds - the mixture must not become frozen. Pour into a tikiator glass. Decorate with a fan of apple wedges, a mint spring, and redcurrants.
