## KIWI DROP

---

With Alcohol

Cold

Short Drink

### INGREDIENTS

- 5cl kiwi vodka
- 2cl kiwi syrup 1883
- 2cl lime juice

A variation on the Lemon Drop, this classic cocktail from the sour family is revisited here with tart and fruity notes.

---

### INSTRUCTIONS

Pour all ingredients into a shaker and shake vigorously for 10 seconds. Strain into a martini glass, and decorate with lemon peel. To make the kiwi vodka: take a bottle of vodka, remove 10cl and replace with a ripe kiwi (peeled and diced): leave to macerate for 24-48hrs, and taste before straining to ensure the kiwi's scent has spread sufficiently.
