
RED BLAZER

With Alcohol

Hot

Long drink

INGREDIENTS

- 2cl mixed berries syrup 1883
- 4 dashes absinthe
- 6cl spiced rum
- 6cl rooibos herbal tea

A hot cocktail in homage to Jerry Thomas's famous Blue Blazer, this is a variant with enhanced flavour that will convince even serious sceptics.

INSTRUCTIONS

Fill two stainless-steel milk jugs with boiling water to warm them. In one, infuse a sachet of rooibos herbal tea. Remove the water from the other, pour in the rum so it soaks up the heat, and add the tea. Set fire to the mixture and transfer it between the jugs 5-6 times. Pour the syrup and absinthe into a (heat-resistant) toddy glass. Add the mixture and stir. Decorate with a brandied cherry and lemon peel.
